

HEAR MY PRAYER - Tracey Newman

O mother woman, hear my prayer

ooo ooo

Give me grace, grant me peace

gra-ce ooo

To remember love in the face of fear

oo oo oo

ah ah oo oo

Ease the pain of my childhood years

oo oo oo

ah ah oo oo

Be a light through my darkest days

oo oo oo

ah ah oo oo

Help me please, show me the way

oo oo show me the way

ah ah oo oo show me the way

And it will be alright you say

(be alright you say)

And it will be alright some day

(be alright some day)

And if you call on me I'll be there

Remember me, I'm here for you

Mother, hear my prayer

O mother, hear my prayer

O mother woman, heal our world

Give us time, we will rise

To be the love we have always been

To see the joy only light can bring

Ease the pain through our changing years

Feel the grace that lives behind our tears

O mother woman, hear my prayer
Give me grace, grant me peace
To remember love in the face of fear
Ease the pain of my childhood years
Be a light through my darkest days
Help me please, show me the way

And it will be alright you say
And it will be alright some day

And if you call on me I'll be there
Remember me, I'm here for you
Mother, hear my prayer
O mother, hear my prayer

O mother woman, heal our world
Give us time, we will rise
To be the love we have always been
To see the joy only light can bring
Ease the pain through our changing years
Feel the grace that lives behind our tears

And it will be alright you say
And it will be alright some day

And if you call on me I'll be there
Remember me, I'm here for you
Mother, hear my prayer
O mother, hear my prayer
